We are keen to use and keep up with the latest global learning methods and processes. Since our training courses are flexible and aligned with the global changes, this will ensure an ongoing learning process and build high-quality capabilities.

Bakkah in Numbers

Course Objective

- This world-class PgMP® training course will help Program Managers translate the International Standard for Program Management into real-world technologies and real-world applications. Over the course Program Managers will review the entire Program Management process from beginning to end, and improve their skills in six major areas of focus—including Governance, Prioritization, Escalation, Resource Management, Benefits Realization, and Stakeholder Management. Trainees will also learn from practicing Program Managers, share real-world issues with the group, develop action plans, and learn Program Management best practices.

Course Methodology

Online Training

5 Days – Online Training

Exam Simulation

Group Activity (Break-out Session) after each lesson.

Access to additional References – Glossary/ Recommended Reading/ Syllabus.

Material and Discussion Language will be in English.

Targeted Audience

Project managers, project management office personnel, managers and executives who want to learn about this approach, and program managers who want verify that they are employing the best practices of program management.
